

TECHNICAL INFORMATION SHEET

BACTI HAND SOAP

Product Description

Bacti Hand Soap is a hand washing soap for hygienic hand washing.

Features and Benefits

- Based on a mild synthetic surfactant blend and a bactericide.
- Contains moisturisers that have skin care effects.
- Excellent cleaning performance.
- Provides excellent soil emulsification.
- Perfume-free, eliminating the risk of tainting food and allowing for the application in food processing areas.
- Contains lactic acid – a safe, natural and effective antimicrobial - combined with the mild surfactants the antimicrobial efficacy of lactic acid is synergistically increased. Lactic acid has a proven broad range efficacy against bacteria and various viruses.

Use Instructions

Apply one dose of product on hands, wet slightly and rub to form lather. Rinse and dry thoroughly.
