

TECHNICAL INFORMATION SHEET

ODOUR ELIMINATOR

Product Description

A highly effective odour eliminator for use against various odours including urine, vomit, tobacco smoke, pet odours and general malodours.

Features and Benefits

- Suitable for use on all surfaces including clothing, floors, furniture, carpets, curtains and soft furnishings.
- Incorporates biological support ingredients and essential growth factors, which promote improved performance.
- Specifically designed to block the production of odour by naturally occurring bacterial populations. This unique formulation inhibits the normal biological production of odour causing gasses.
- Quickly eliminates malodours.
- Biological formulation digests the original source of the malodour
- Contains a fresh pleasant deodorising fragrance.
- Ready to use formulation.

Use Instructions

1. Where possible spray the affected area immediately after contamination occurs.
2. Remove solids by using a dustpan or blot liquids with a paper towel to dry.
3. Spray surface again to remove the malodour and its cause.

For high risk areas, surfaces can be pre-treated with odour eliminator, the product is activated when contamination occurs.

Safe Handling and Storage

See visual information to right.

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

Technical Information

Appearance: White liquid

pH: 6.0 - 8.0

Relative density: 1.00

Odour: Characteristic

Solubility: Fully miscible in water

The above data is typical of normal production and should not be taken as a specification.
